Someone is worshipping You

From ocean to ocean, from mountain to mountain

In the dance of the children, in the voice of a thousand

D^{sus} D

It's You, and You alone always and forever,You

From the heart of the orphan, raised hands of the lame

In the cry of the outcast, on the lips of the shamed

Someone is weeping, someone is blessing

Someone is worshipping You

Someone is weeping, someone is blessing

Someone is worshipping You

Lord, we will bow down, and lay our crowns down

Lord, we will worship You

Dancing and singing, chorus's ringing

Lord, we will worship You

With Joy and laughter, forever after

Lord, we will worship You

In love and freedom, we come as one

Lord, we will worship You
